 Minister

SUBJECT : **YEAR-END ASSESSMENT OPERATIONAL PLANNING OF EDUCATIONAL FACILITIES SECTION**

DATE : October 4, 2021

1. One of the primary objectives of this Ministry is to provide basic facilities such as school buildings, water and sanitation, covered courts, access to electricity, water and internet, school dormitory, among others. Currently, there are various funding intended for these facilities from local, national, and even international funding agencies. Last April 2022, the Education Facilities Section (EFS) has undergone a **midyear assessment** which was able to determine the solutions and alternatives for the challenges that have been encountered between and among their administrative, construction, and planning and design units.
2. Henceforth, in order to be rightly guided on the continuous delivery of such projects, there is a need for the EFS to conduct a **Performance Assessment and Operational Planning** on December 15-17, 2022 to evaluate the section's programs structure and the increasing number of infrastructure projects for better facilitation of the project implementation.
3. For information and strict compliance.
