RULES AND MECHANICS

SCHOOL VACCINATION CONTEST

INTRODUCTION

The school opening in the Bangsamoro Autonomous Region in Muslim Mindanao (BARMM) last 22 August 2022 emphasizes the importance of readiness and safety of the schools in the region to ensure that school personnel, teachers, parents, guardians, and most especially the learners, are in a conducive and safe learning environment. It is undeniable that the Philippines, including the BARMM, is still under the COVID-19 pandemic with different and new variants of the virus seriously threatening our school personnel especially the learners. To date, there is still no definitive treatment for COVID-19; and, more people, including children, are still infected by the virus, causing mild to critical symptoms and even death. The development of vaccines and getting vaccinated against COVID-19 is still the best solution to greatly mitigate and prevent the spread of the virus in the schools along with the already existing health and safety measures and practices in place, to keep the school personnel and learners safe while at school.

However, since the rollout of COVID-19 vaccination in BARMM last February 2021, there is still a significant number of school personnel and learners who remain unvaccinated. Despite the various initiatives (i.e., School-Based Immunization Program and Special Vaccination Days) in collaboration with the LGUs and the Ministry of Health, the number of unvaccinated personnel and learners are still high.

In this regard, the Ministry of Basic, Higher and Technical Education (MBHTE) will initiate a school vaccination contest and provide awards to those who have achieved 100% (or the highest) vaccination coverage in their respective schools following the set criteria by our Health and Nutrition Unit (HNU). Furthermore, the schools will have an opportunity to share their best practices and stories in their journey during the vaccination campaign and be rewarded for the meritorious efforts. Therefore, the ministry invites all the schools to join and have all the learners and school personnel vaccinated in BARMM to reach herd immunity and be protected against COVID-19.

GET VAXXED TO WIN CONTEST

Contest Period

1. The contest will start on 27 October 2022 and ends on 18 November 2022 (Friday) at 5:00PM.
