SUBJECT : **TRAINING OF BASIC EDUCATION PERSONNEL ON MONITORING AND EVALUATION PROCESSES**

DATE : June 6, 2023

1. To measure success and report on results, development workers and public-sector managers like the Ministry of Basic, Higher and Technical Education (MBHTE) shall create monitoring and evaluation systems. Such systems make it possible to learn from experience and improve program and project performance. Monitoring and evaluation (M&E) are therefore essential functions for all organizations, programs, and projects, and consequently, international and public-sector organizations have for several years been investing in the creation of such structures.
2. To meet the need for specialist knowledge in this field, the MBHTE-Basic Education under the M&E Section plans to conduct a Basic Course Training on Monitoring and Evaluation for all program implementers in the Basic Education Sector. This will provide all the technical skills and tools required to ensure effective monitoring of projects and programs and to manage the various evaluations that are part of the programming cycle.
3. Thus, the DGBE M&E Section is going to conduct a **Training of Basic Education Personnel on Monitoring and Evaluation Processes** on **June 15-16, 2023**, at Villa Miranda, Rosales St., Rosary Heights VI, Cotabato City. Specifically, this activity aims to:
  - a. build an M&E Plan for each program;
  - b. develop skills in monitoring, evaluation, and reporting processes; and
  - c. orient on the different M&E Tools to be used for monitoring and reporting of PAPs implementation.
