SUBJECT : **CONDUCT OF ANNUAL IMPLEMENTATION PLAN REVIEW WORKSHOP AND LEARNING RECOVERY PROGRAM THROUGH 5B'S MAINSTREAMING TO 30 SCHOOLS**

DATE : August 17, 2023

1. Islamic Relief Worldwide is a faith-inspired humanitarian aid and development agency working to save and transform the lives of some of the world's most vulnerable people. Established in the UK in 1984, they work in over 45 countries to assist people of all faiths according to their needs and do not discriminate in any way. Islamic Relief Philippines started its operation in the most vulnerable communities in 2017 after its response to Typhoon Haiyan in Cebu and Leyte provinces.
2. Islamic Relief sees the vital role of local partners in delivering effective services on quality learning accessible to every child through the **Support to MBHTE to Strengthen the Community/Local Support Mechanisms for K-3 Learning Improvement through Adaptive Learning Modality project** under the Education Pathways to Peace in Mindanao which is funded by the Australian Government in partnership with the Department of Education and Ministry of Basic, Higher and Technical Education (MBHTE).
3. The project aims to support the MBHTE as they embark on a region-wide campaign to implement the Bawat Bata sa Bangsamoro Bumabasa at Bumibilang also called the 5Bs Program for Kindergarten to Grade 3 (K-3).
4. A target of 30 schools in the 11 schools division offices across the five (5) provinces are being supported by the project through strengthening their school management by building community support for K-3 education through harnessing local and government stakeholders to establish community learning centers that would promote accelerated learning programs in the communities.

- In addition, the results and lessons learned from the implementation of these schools would serve as input to support the identification and formulation of region-wide programs and policies to address issues and concerns in K-3 education. The project is now in its 2nd year of implementation which started last August 2022 and continuously implement its programs and activities until December of this year (2023).
- In line with this, Islamic Relief would like to humbly request your kind approval and support for the **Conduct of the Annual Implementation Plan Review Workshop & Learning Recovery Program through 5B's Mainstreaming** to the said 30 schools in support of our project outcome of Institutionalized School-Based Management that effectively engage multi-Stakeholders (both government and non-government) in building community support for K-3 education. Below are the following details and schedule of the workshop:
