FROM : **MOHAGHER M. IQBAL**
 Minister

SUBJECT : **TRAINING ON THE ADMINISTRATION OF THE K-3 ASSESSMENT TOOLS FOR PILOT SCHOOLS AND DIVISION OFFICES**

DATE : February 29, 2024

1. Based on the Ministry of Basic, Higher and Technical Education's (MBHTE) Activity Evaluation Baseline results, a majority of the Grades 1 and 3 students are performing below expected standard levels (Education Pathways to Peace in Mindanao, 2021). This major concern can be addressed by improving the Ministry's Early Literacy and Numeracy Program to raise the learners' performance and bridge the gap between the disparity in present-level performance.
2. The 2020 baseline results of the Student Learning Assessment in the Bangsamoro (SLAB) presented that 8 out of 10 children are not school-ready to read and write. The MBHTE took the initiative to address learning during the pandemic through the Learning Recovery Program (LRP). This is operationalized through the 5Bs Program, Bawat Bata sa Bangsamoro, Bumabasa at Bumibilang, which intends to address the learning loss of K-4 learners on foundational skills such as literacy, numeracy, and socio-emotional well-being.
3. One of the critical elements in responding to children's learning is assessing their current learning levels. The MBHTE Office of the Directorate General for Basic Education (DGBE), in partnership with the Readability Center and the Education Pathways for Peace Program, is now at the late stage of the process of developing the Bangsamoro K-3 Assessment Tools (BK3AT) and will conduct the **Training on Administration of the K-3 Assessment for Pilot Schools and Divisions** on March 4-6, 2024.
